Online Exam Preparation Courses

OET OCCUPATIONAL ENGLISH TEST PREPARATION FOR HEALTHCARE PROFESSIONS

OET is an international English language test that assesses the language communication skills of health care professionals who seek to register and practice in an English-speaking environment. The OET is a clinical English test recognised by government healthcare bodies to assess the medical English skills of international professionals, **including doctors, nurses, dentists and allied health professionals**. OENS provides a number of Online OET Preparation Courses such as:

Online English for Nurses - 100 hour course & preparation materials - 50 hour course

The course gives you the study skills you need to succeed with the Occupational English Test Nursing Paper. The OET is a clinical English test recognised by government healthcare bodies to assess the medical English skills of international professionals, including doctors, nurses, dentists and allied health professionals. It is widely used globally and you can use the OET to prove your level of English when registering with the NMC or GMC to work in the UK and Ireland. The course is dynamic and interactive, with multiple activities, video and audio inputs, expert insights and plenty of test practice. And it's online, so you can study when you want, where you want.

Online English for Doctors - 100 hour course & preparation materials - 50 hour course

This unique online course gives you the language, the test techniques and strategies you need to achieve a high score in each of the four OET papers, Reading, Listening, Writing and Speaking. Reach OET B Medicine is excellent preparation for the OET Medicine Paper. The course focuses on the OET test, so you get to know the format, content and task types you will see in the international OET test for doctors. You will listen to consultations and medical talks, read texts, complete summaries and answer questions on medical subjects, write letters based on case notes, and learn how to perform at a high level in the OET role plays. The course includes practice test questions and answers for every part. The course is dynamic and interactive, with multiple activities, video and audio inputs and expert insights. And it's online, so you can study when you want, where you want.
